

PLAN AHEAD

A Comprehensive Plan for a healthy farm and healthy livestock

A PLAN PROVIDES:

- One-on-one site visits with you on your land
- A detailed manure handling plan customized for your farming operation
- Technical advice to determine the most appropriate conservation improvement activities
- Opportunity to be used to apply for financial incentives or grant funding from a variety of sources.

To receive your free application contact:

Lisa Schuchman - USDA NRCS

USDA'S NATURAL RESOURCES CONSERVATION SERVICE (NRCS) IS A LOCAL RESOURCE FOR INNOVATIVE CONSERVATION SOLUTIONS TO IMPROVE THE LAND AND PROTECT YOUR WAY OF LIFE.

Financial assistance is available to assist in covering the cost of a Comprehensive Nutrient Management Plan for your farm. This can be a critical first step in addressing your manure storage and handling for the livestock on your farm.

Apply by July 17, 2015

Your completed plan is yours alone—a confidential planning document that you can use to make farm decisions. You will work with a Technical Service Provider (TSP) to prepare your plan. A list of providers is located on techreg.usda.gov
